JOHNSTON IMPORTS PROUDLY
PRESENT TO YOU OUR LATEST OFFERINGS FROM
HALO, ARTWOOD & SPIRIT OF THE NOMAD.

We are a passionate wholesaler bringing indoor and outdoor furniture, textiles, lighting and home accessories to enjoy throughout your living spaces. We supply a large number of retailers nationwide and also have two showrooms, one in Auckland: Refined Living and one in Christchurch: Johnston Imports.

Artwood, Halo & Spirit of the Nomad are the perfect combination to create a variety of styles.

We hope you enjoy them as much as we do.

DIFFERENT WAYS OF LIVING

ARTWOOD

With a passion for design and decor, Artwood was founded in Sweden in 1969. A family business that still dares to go its own way. After long journeys to the East, they took home exotic materials that today are the basis for Artwood's design.

With inspiration taken from the American East Coast mixed with a sense of the pulse of the city and rural life, or a house by the sea. We call it Artwoodstyle. Elements which together form a whole natural sense of quality in the individually decorated home.

Our basic materials are rattan, wood and textiles. As nature has its nuances, our furniture has a soul. Every piece of furniture tells its own story. A home reflects one's personality, it should be an inspiration and a place to enjoy and socialise. Each style speaks for itself. Our product range can be varied and mixed to suit your personal style.

HALO ESTABLISHED 1976

The Halo Group, founded by Major Philip Oulton, began life as Halo Antiques in 1976. Major Oulton loved fine furniture and had an eye for attractive antique pieces, which he bought from local people and then sold on within the UK and throughout the world.

His love of beautiful furnishings has now been passed onto his grandchildren, Ollie, Oscar and Poppy. The family tradition continues of supplying high quality, beautiful furniture inspired by the company's British heritage.

Halo Established 1976 uses the finest materials to develop our distinctive designs in-house, allowing us to create quality furniture that looks good and will also last. All our furniture is hand-crafted making each piece unique. We use traditional techniques and tools which add to the overall quality and durability of our furniture.

Halo has a reputation for designing and manufacturing distinctive, innovative furniture. Influenced by iconic designs of the past and present, the Halo collection is a testimony to timeless elegance.

Selection of

SOFAS

The sofa is at the heart of the home, where the combination of style and comfort is a necessity.

SOFAS

LEATHER SOFAS

Using full grain uncorrected aniline leathers, dyed with translucent soluble dyes and finished by hand. This traditional method of dyeing and finishing retains the unique natural surface and grain of the leather.

A close-up photograph of a crystal chandelier. The chandelier features a central lit candle-style light bulb with a warm, golden glow. The bulb is mounted on a clear, faceted crystal holder. Below the holder, several large, teardrop-shaped crystal pendants hang, catching the light and creating a sparkling effect. The background is dark, filled with numerous out-of-focus, warm-toned bokeh lights, suggesting a festive or elegant interior setting.

PRODUCT CARE

INDOOR MATERIAL CARE

GENERAL Furniture should always be lifted, not dragged, when being moved.

RATTAN Recommended for indoor use. Brush off any dirt and wipe with a damp cloth. Colour may fade after prolonged exposure to sunlight. If left outside, our rattan planters & baskets will breakdown over time.

UPHOLSTERED FURNITURE A weekly vacuum using low suction and a soft brush accessory to remove dust and damaging dirt particles will help extend the life of your fabric and furniture. All upholstered furniture is recommended for indoor use.

100% Linen Fabric Dry cleaning is recommended. Colour may fade after prolonged exposure to sunlight.

Native Linen Natural Fabric Machine washable on a cold gentle cycle. A slight colour difference may be visible. Always use a mild detergent to wash fabric covers and ensure it's highly diluted (recommended ratio 1:100). Do not bleach.

Mixt Linen Natural Fabric Dry cleaning is recommended. Colour may fade after prolonged exposure to sunlight.

100% Polyester Fabrics - Olson, Rave, Sophie & Velvet For spills, cover with a super-absorbent cloth until most or all of the liquid has been absorbed. Allow the fabric to air-dry. Dabbing or rubbing will make the liquid penetrate further into the fibres. Removeable covers can be washed on a cold delicate cycle using a mild detergent. Do not bleach.

LEATHER FURNITURE Recommended for indoor use. Do not expose to intense sunlight or place too close to a direct heat source as these could cause it to crack or age prematurely. Avoid sitting on the arms, back or the very edge of your leather furniture as this may cause distortion or damage. Be aware that clothing with transferable dyes, such as blue jeans, could transfer the dye onto light coloured leather furniture. Lightly dust and vacuum on a regular basis. Never use standard cleaning products to remove dust, spills or stains from leather. Use a reputable and recognised leather specialist product.

WOODEN FURNITURE

Elmwood - Solid Elm Recommended for indoor use. We recommend treating the furniture by waxing every 4 - 6 months with an uncoloured natural wood wax. Left untreated the furniture becomes more delicate and marks may become permanent. Any stains should be wiped off immediately with a damp cloth. Colour may fade after prolonged exposure to sunlight. Temperature and air humidity will also affect how the wood behaves. Some cracking may occur.

Denver, Reed, St George, Vermont & Wentworth - Solid Oak & Oak Veneer Recommended for indoor use. Wipe with a damp cloth or dust with a soft cloth. We recommend treating the furniture by waxing every 4-6 months with an uncoloured natural wood wax. Left untreated the furniture becomes more delicate and marks may become permanent. Any spills should be wiped off immediately with a damp cloth. Avoid contact with hot surfaces. Use coasters for mugs, glasses and vases.

Hunter, Mason & Trent - Oak Veneer Recommended for indoor use. Wipe with a damp cloth. Do not use any strong detergents. Any spills should be wiped off immediately with a damp cloth. Avoid contact with hot surfaces. Use coasters for mugs, glasses and vases.

Creekwood & Java Oak Recommended for indoor use. Wipe with a damp cloth. Some cracking may occur.

Lanterns Our lanterns are an indoor product but may be used outside. After use, storage inside is recommended.

Aluminium - Indoor Recommended for indoor use. Wipe spills immediately with a soft cloth. Avoid contact with hot surfaces. Use coasters for mugs, glasses and vases.

PRODUCT CARE

OUTDOOR MATERIAL CARE

Teak Outdoor Tables These are treated in 3 steps with lacquer to obtain a weathered worn colour. The treatments / lacquer will gradually fade over time after continued exposure to sunlight and water. Splits, cracking and slight movement should be expected as timber is a natural product. Our outdoor teak dining tables come with a bottle of Golden Care Teak Shield. More can be purchased from your Artwood stockist. Leave the furniture to weather for three months then clean the furniture with a damp cloth and apply the Golden Care Teak Shield with a soft cloth. Once dry the furniture may be used, this process should be repeated every three months.

TEAK SHIELD
1 Litre
G60004

Failure to care for your teak products may void our warranty.

Outdoor Wicker Recommended for both indoor and outdoor use, however not in freezing temperatures. May crack after prolonged exposure to strong sunlight and salt. We recommend regular washing with water and a soft scrubbing brush to remove dirt, dust and salt build up.

Outdoor Cushions Cushions should not be left out in humid or wet conditions for prolonged periods of time. If cushions are exposed to wet conditions they need to be dried thoroughly and over winter months we recommend storing cushions inside or under cover. Failure to dry thoroughly may result in mould or mildew. All covers are removable and washable in cold water; however dry cleaning is recommended. Replacement cushions or covers are available to purchase in the event of damage.

Powder Coated Aluminium Our powder coated aluminium ranges include Anson (frame only) and Romano (frame only). They require very little maintenance and can be cleaned with a damp cloth as required.

Sintered Stone - Romano Clean the top with a slightly damp cloth. Do not use any strong detergents. Always use coasters under glasses, cups, vases etc.. The frame can also be cleaned with a damp cloth as required.

Johnston Imports cannot be held responsible for any damage caused during attempts to clean furniture. We highly recommend that professional cleaners should be consulted. Please contact your local store for warranty terms.
